Glen E. Stephens, P.E.  
Air Pollution Control Officer

January 11, 2024

Board of Directors  
Eastern Kern APCD  
2700 "M" Street, Suite 302  
Bakersfield, California 93301

**SUBJECT:** Agreement with City of California City, as represented by the California City Fire Department to Replace a Fire Engine with AB134/1550 Grant Funds

Honorable Board:

California City Fire Department (CCFD) has applied and qualified for funding through the Eastern Kern Air Pollution Control District (District) AB134/1550 Community Air Protection funds (AB134). CCFD's project will reduce NOx, ROG, and PM emissions by replacing a high-emitting 1999, Seagrave fire engine with a new low-emitting 2024 fire engine.

District will pay a maximum of \$153,211.00 of the actual costs associated with Agreement 01-004-2024. CCFD is responsible for any project costs exceeding the District maximum funding amount. The old fire engine will be permanently removed from service and salvaged once its new fire engine is purchased and placed in service.

Three copies of the proposed agreement, a sample copy of which is attached, were sent to CCFD to approve by signature and are expected to be returned to the District prior to the Board Meeting. If any significant changes are identified by CCFD, the item will be withdrawn, and the Agreement will be held to the March 2024 Board Meeting.

**IT IS RECOMMENDED** your Board approve and authorize Chairman to sign Agreement 01-004-2024 with City of California City, as represented by the California City Fire Department for the purchase of a new fire engine.

Sincerely,

Glen E. Stephens, P.E.  
Air Pollution Control Officer
